

DOMAIN CYMBALS

Saturn

The Saturn series is part of our brilliant line of cymbals with a raw top with light lathing and superb polish. This series provide the crushing tones needed for gospel, rock, grunge, hip-hop and many more. Pure attack with perfect sustain.

H-Traditional

The H-Traditional brings that classic full pure cymbals tones with an added flare with the heavy hammering all around the cymbal from the bottom side. This type of hammering helps to add a clean, but trashy texture to this line.

R-Class

The R-Class series that we designed for versatility. This line can be classified as our Jazz line which has a dry, un-lathed top, but has a lathed brilliant bottom to give a smooth balanced tone. The wash of this line allows for the cymbal to get in and out o the way adding great dynamics to any musical situation.

DOMAIN CYMBALS

X-Class

The X-Class series brings a twist to the dual hybrid cymbal family. With the bell and bow being traditional and the edge being brilliant.

This is defined as a fast crash series of the Domain family.

X2

The X2 series is the close relative of the X-Class series. The main difference is that the X2 series has a traditional bell and edge with the brilliant finish on the bow. The series consist of only crashes and hi-hats. The hi-hats are crisp and clean along with the crashes that are full of body, resonance and tone.
